

1/2" Air Operated Diaphragm Pump PP

Polypropylene construction

1/4" air inlet

DDP13

- Double diaphragm pump
- Polypropylene construction
- Flow rate 42L/min
- Inlet/outlet 1/2" NPT
- Maximum air pressure 690kPa (100psi)
- Wetted materials - polypropylene, acetal and buna-N
- Self priming
- Can be run dry for short periods without damage to pump
- 1/4" air inlet
- Multi-porting on inlet/outlet
- Not suitable for flammable liquids

Multi-porting on
inlet/outlet
