

HEAVY DUTY Workshop Equipment

Product Code: CH16NT

Bench Drill Press

16 Speed - 3/4 HP

The "Borum Industrial Drill Press" delivers precision and power—and is designed to handle the demands of a professional workshop environment. With a powerful long-life industrial quality 3/4 HP motor (that's fully enclosed in a durable metal hood) double-wide spindle bearings and a precision spindle, this is one very reliable drilling machine. Equipped with 16 drilling speeds from 162 to 3,000rpm and a 16mm drilling capacity, this robust and user-friendly drill press is ideal for a busy maintenance workshop or small production factory.

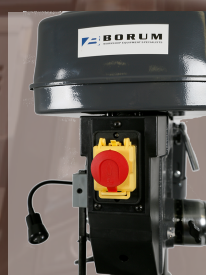

Features

- Belt drive with cast iron balanced pulleys
- Safety ON-OFF switch fitted with a dust cover
- Precision spindle bearing for long life
- Table control via hand crank and gear rack
- Long quill stroke with easy to adjust depth stop
- Thick-walled, precision-ground column
- Powerful long-life commercial drive motor
- Ground set-up areas on table and base plate
- Rotating work table diagonal clamping slots
- Full range of Spare Parts available in Australia!
