

SKU DT1004JAUSM11

ADAM BY PIUSI 100 L/min Diesel Pump Kit

A plug and play diesel transfer kit built around the PA2 100 pump, supplied with a telescopic suction spear, FT10XA filter with gauge, TF4S1 mechanical meter, 6 m delivery hose, swivel and automatic nozzle.

100 L/min

PA2 100 pump, continuous duty

30 micron

FT10XA water removal filter

±1%

TF4S1 meter accuracy

Key features

- PA2 100 pump, 230 V AC, continuous duty, IP55, F class insulation
- FT10XA water removal filter, 30 micron, with gauge
- TF4S1 four digit mechanical meter, 20 to 120 L/min
- 6 m x 25 mm ID delivery hose with automatic shut off nozzle
- Telescopic suction spear plus adaptor

Technical data

SPECIFICATION	VALUE
Order code	DT1004JAUSM11
Pump	PA2 100
Supply	230 V AC
Flow rate	100 L/min
Duty cycle	Continuous
Ingress protection	IP55
Filter	FT10XA, 30 micron with gauge
Meter	TF4S1 four digit mechanical
Meter range	20 to 120 L/min
Meter accuracy	±1%
Hose	6 m x 25 mm ID, male BSP ends
Nozzle	Automatic shut off
Suction	Telescopic spear plus adaptor

In the box

Suction spear and adaptor, PA2 100 pump, FT10XA filter with gauge, TF4S1 meter, 6 m x 25 mm hose, swivel and nozzle.
