

SKU F00484000

## PIUSI K400 Digital Oil Meter, 1/2" BSP

Electronic oval gear meter for oils with a wide viscosity range, also rated for diesel and antifreeze. Digital display, double totaliser, 1 to 30 L/min, 70 bar.

**1 to 30 L/min**

Flow rate

**±0.5%**

Accuracy as stated by PIUSI, no test condition given

**1/2" BSP**

Inlet and outlet

### Key features

- Oval gear meter with digital display
- Double totaliser and electronic reset
- Adjustable unit of measurement
- Easy to calibrate, low battery consumption
- Rubber protection
- 2 x AAA batteries included

## Technical data

| SPECIFICATION    | VALUE                                       |
|------------------|---------------------------------------------|
| Order codes      | F00484000                                   |
| Flow range       | 1 to 30 L/min                               |
| Accuracy         | ±0.5% (no test condition stated)            |
| Repeatability    | 0.3%                                        |
| Working pressure | 70 bar                                      |
| Connections      | 1/2" BSP inlet and outlet                   |
| Fluids           | Oil, diesel, antifreeze                     |
| Display          | Digital, double totaliser, electronic reset |
| Power            | 2 x AAA 1.5 V batteries, included           |
| Materials        | Aluminium body, technopolymer gears         |

## In the box

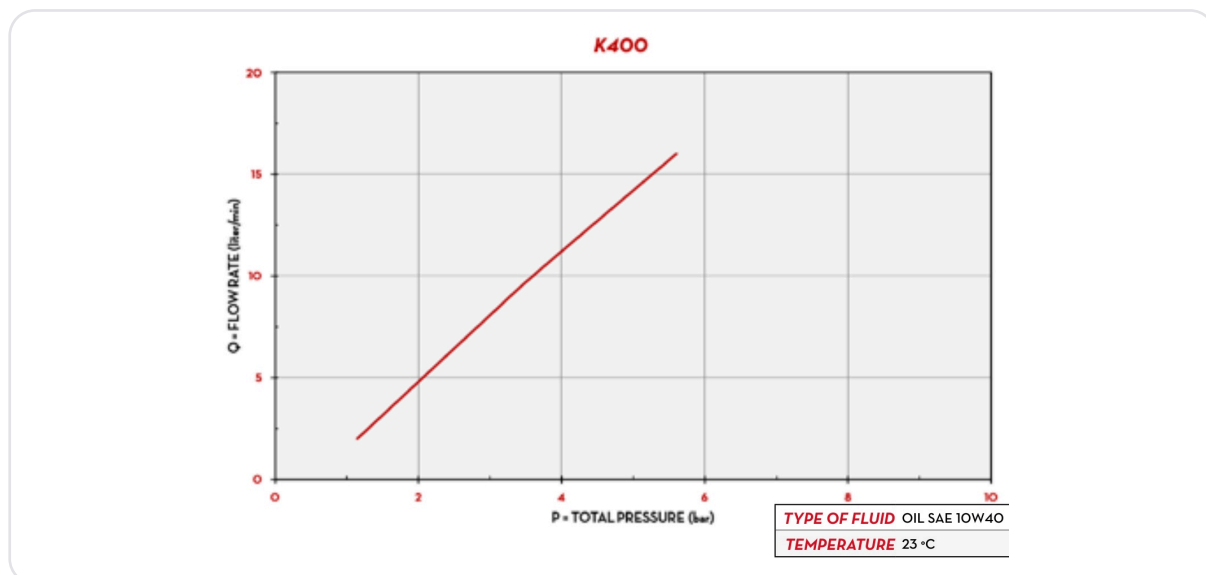

K400 meter and instruction manual.

## Installation and use

PIUSI offers an NPTF thread and a gallon, quart or pint display on request.

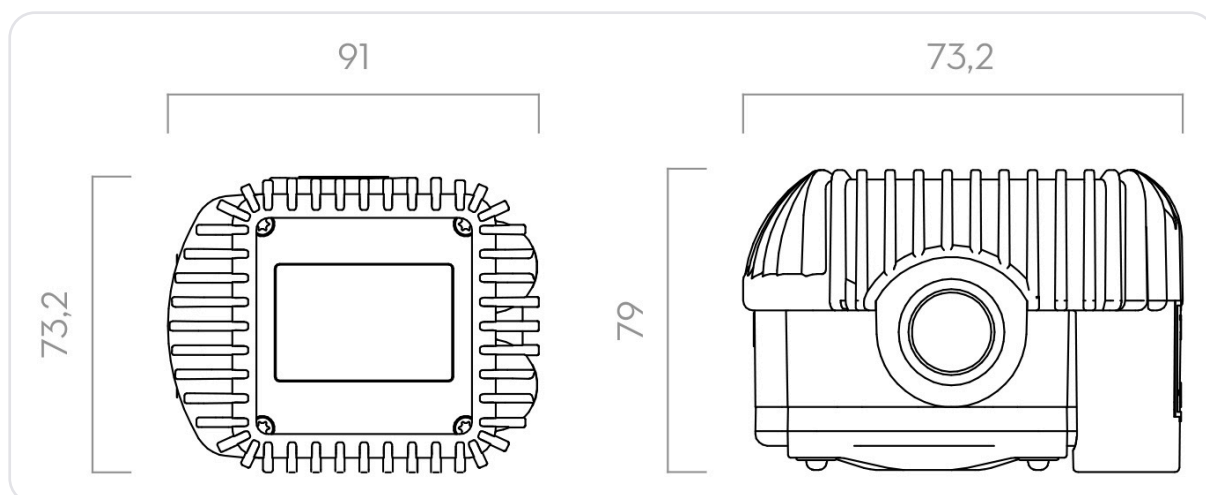

## Performance

PIUSI K400 curve, flow rate against total pressure, on oil SAE 10W40 at 23°C.

## Dimensions

Dimensions in mm.
