PUMP THROAT LUBRICANT · TSL

Throat Seal Liquid (TSL)

Lubricant for the throat packings of an airless pump. Stops paint drying on the rod and packings and shows early wear.

3
Bottle sizes

240 mL
to 3.8 L

Daily
Top up each shift

Features

- Keeps paint from drying on the displacement rod
- Extends packing life
- Paint colour in the TSL is an early sign of packing wear
- Top up at the start of each shift
