

AIRLESS ACCESSORIES

Graco's Complete Line of Professional Airless Accessories

PROVEN QUALITY. LEADING TECHNOLOGY.

SPEND LESS TIME. MAKE MORE MONEY.

Maximize your performance and get to the next job faster by customizing your sprayer with genuine Graco accessories

GET THE MOST OUT OF YOUR SPRAYER

Everything on a job can be done more efficiently if you use the right accessories.

TRUST YOUR BUSINESS AND REPUTATION TO GRACO

There is nothing like genuine Graco quality. Graco is committed to providing the highest quality accessories and genuine Graco replacement parts available, backed by the industry's best warranty.

AMERICAN BUILT QUALITY FOR OVER 60 YEARS

100% factory-tested and field-proven Graco accessories and genuine Graco replacement parts are designed, manufactured, and assembled in the USA.

INDUSTRY-LEADING WARRANTY

Behind every Graco accessory and replacement part is the industry's strongest warranty. You may never use Graco's warranty — but if you do, we will be there.

GRACO-ONLY ACCESSORIES TO HELP YOU FINISH FASTER

CONTRACTOR

THE LIGHTEST, MOST COMFORTABLE SPRAY GUNS EVER BUILT

(PATENTED)

- Lightest weight guns in their class
- Up to 50% lighter trigger pull
- Complete gun rebuild in seconds with ProConnect[™]
 (PRD CONNERT)

RAC XTM LOW PRESSURE **SWITCHTIPS**TM

- Atomize architectural coatings at the industry's lowest airless spray pressure
- Up to 50% less overspray reducing material waste and prep and cleanup time
- Easiest pattern overlap and perfect airless finish

- VALVE • Finish faster without resurfacing and touch-ups
- Eliminates spits and drips when using extensions
- Spray walls and ceilings with 180° tip swivel

CONTRACTOR PC[™]

CONTRACTOR PC COMPACT

(PATENTED) **CLEANSHOT™ SHUT-OFF**

JETROLLER[™]

- Finish your job up to 4X faster
- 2-In-1 spray and rolling system
- Back rolling and spraying in one pass
- Low overspray design reduces prep and cleanup

CONTRACTOR PC AIRLESS SPRAY GUNS

The Lightest, Most Comfortable Guns Ever Built

Contractor PC airless spray guns deliver exclusive Graco innovations in comfort and durability that you'll come to rely on for every job.

CHOOSE YOUR SIZE

CONTRACTOR PC

CONTRACTOR PC COMPACT

V Lightest weight guns in their class

- **V** Up to 50% lighter trigger pull force
- **Complete gun rebuild in seconds with ProConnect**

NEW CONTRACTOR PC COMPACT

The lightest, smallest airless spray gun ever built

25% lighter and smaller, delivering all-day comfort and control — designed for maximum flexibility on any job.

"The Compact gun is small and works great on any job because it is lightweight and fits my hand perfectly"

> Kyle S. Swanson & Youngdale St. Louis Park, MN

Benefits You'll Appreciate on Every Job

- Lightest weight guns in their class
- ▶ Up to 50% lighter trigger pull force
- Gun rebuild in seconds with ProConnect

50% LESS TRIGGER PULL AND HOLD FORCE

Finish Jobs Faster With Less Fatigue

Delivers the most comfortable and lightest weight spray experience, ever.

- Lightest trigger pull force at all spray pressures
- Lightest trigger hold force at all spray pressures

Comfortable, contoured handle design

EasyGlide[™] Swivel for effortless hose management

CONTRACTOR SERIES

As the #1 choice of painting contractors, Graco's Contractor series guns are designed to be the longest lasting, most reliable airless spray guns on the market.

ERGONOMIC DESIGN

- Lightweight design reduces operator fatique
- Contractor and Contractor PC feature a form-fitted handle providing maximum control and comfort
- Detachable trigger guard swings clear of gun handle for easy filter access

GUN TRIGGER AND TRIGGER LOCK

- Smooth, lightweight trigger pull with simple, thumb-engaged safety lock
- Custom trigger options

Contractor PC Compact 19Y350

EASYGLIDE SWIVEL

· Exclusive dual-seat swivel design reduces sealing friction under pressure making this the best swivel on the market

EASY OUT™ GUN FILTER

 Filters from the inside out to prevent filter from collapsing

GUN REPAIR SOLUTIONS

SILVER PLUS

Graco's Silver Plus Gun is known for its durability, long life, spraying performance, and comfortable design

LIGHTWEIGHT. RUGGED DESIGN

- Durable forged aluminum withstands harsh work environments
- Lighter weight than competitive guns
- · Polished body is easy to clean

EXCLUSIVE NEEDLE DESIGN

- · Factory-set needle needs no trigger adjustments
- Guaranteed for life against breakage
- Maximum performance and long life

NEW! SILVER PLUS HP

- All the benefits of the Silver Plus Gun, now rated for 7250 PSI!
- Available in 2 & 4-finger configurations

2-FINGER TRIGGER DESIGN **AND HANDLE**

PATENTED

Contractor PC

17Y043

- Form-fitted handle for less fatigue
- Provides more control of gun while spraying

STAINLESS STEEL FLUID TUBE

 Fluid flows directly to the tip through the gun fluid tube, giving you the ability to spray heavier materials, such as high solid coatings and mastics, up to 5000 psi (345 bar, 34.5 MPa)

Silver Plus HF

4-Finger Gun

LIGHT VISCOSITY NEEDLE **KIT AVAILABLE**

• Provides faster shutoff to reduce spitting of light viscosity material

241705

OVERSIZED FLUID PATH

- · No-filter design offers minimal restriction and maximum flow
- Minimizes pack-out with heavy materials
- · Reduces pressure drop for superior atomization

ERGONOMIC DESIGN

- Form-fitting handle provides maximum control and comfort while spraving
- Optimized trigger and lightweight design allows effortless, all-day spraying

CHOOSE THE MOST PRODUCTIVE SPRAY TIP FOR YOUR JOB

Choosing the right tip for the job will determine the quality of your finish and help you save time and money. Each Graco spray tip is 100% tested for flow rate to meet the tough standards of painting contractors and ensure the quality you've come to expect from Graco.

GRACO SPRAY TIPS ARE BUILT TO THE HIGHEST STANDARDS AND ENSURE THE BEST FINISH IN THE INDUSTRY.

	GOOD	BET	TER		BEST		
	RAC [®] 5	RAC	; X™		RAC X LOW PRESSURE		
	517 m²					•	
	RAC 5	LTX	WIDERAC™	FINE FINISH LOW PRESSURE	LOW PRESSURE	WIDERAC LOW PRESSURE	
PART NUMBER	286***	LTX***	WR****	FFLP***	LP***	WRLP****	
SIZES	.007"065"	.007"071"	.021"039"	.006"016"	.013"031"	.021"031"	
	Precision spray tip provides excellent fan pattern life and high quality finish	Next generation with 50% longer fan pattern life over RAC 5	Produces a 24 in. (610 mm) fan pattern to finish the job in half the time	Atomize fine finish materials at half the pressure for an HVLP like finish	Dial down the pressure for less overspray, 2X longer tip life over LTX, and a perfect airless finish	All the benefits of RAC X Low Pressure Tips, now in a 24 in. fan pattern	
APPLICATION	Residential, commercial, interior and exterior applications	Residential, commercial, interior and exterior applications	New construction and high production with large surfaces	Trim, molding, cabinets, woodwork, metal	Residential, commercial, interior and exterior applications	New construction and high production with large surfaces

GUARD	Orange - 243161	Blue - 2	246215	Blue- 246215	Blue - 2	246215	
ONESEAL™	Latex - 243281 Solvent - 224081	Latex - Solvent -		Latex - 17P501 Solvent - 17P502	Latex - Solvent -	17P501 17P502	
MAX PRESSURE	4,050 psi	4,050 psi	4,050 psi	4,050 psi	4,050 psi	4,050 psi	

The three digits (517) represent tip size (fan and orifice)

TIP SELECTION: UNDERSTAND THE NUMBERS

EXAMPLE: RAC X LP517

The letters (LP) represent the Graco tip style

LP = Low Pressure **FF LP** = Fine Finish Low Pressure **WR LP** = Wide BAC Low Pressure LTX = Latex WR =Wide RAC **XHD** = Xtreme Heavy Duty

and indicate the amount of paint that flows through the tip. The first digit is half of the fan width $(#5 \times 2 = 10 \text{ inch fan width})$ The last two digits are 517 the size of the tip orifice in thousandths of an inch

Your actual flow rate will depend on your spraying pressure and the material you are using (high pressure equals more flow; heavier paints equals less flow).

WORN TIPS COST TIME AND MONEY

- Increased paint waste 25% more overspray
- Reduced production requiring 20% more passes — increased labor expense
- · Results in uneven coverage, inconsistent mil build, and a poor quality finish

17P502	RAC X Low Pressure Solvent Seal Kit – 5 pack. Use with all Low Pressure SwitchTips and guard

Flow Rate:

22

Flow rate calculated based on water at 2000 psi (138 bar, 13.8 MPa). Heavier paints with higher viscosity will decrease flow rate.

Examples:

- For a tip with .015 orifice and a 6 in (152 mm) pattern, order LP315.
 Fan width is measured at 12 in (305 mm) from the surface.
- · For LineLazer: for a tip with .015 orifice and a 4 in (102 mm) pattern, order LL5215. Fan width is measured at 6 in (152 mm) from the surface.
- All charts indicate the orifice size in inches.

AIRLESS HOSE

Genuine Graco hoses meet the highest safety standards to save you time and keep you safe on the jobsite. Additional hose lengths allow you to support multiple guns and keep your sprayer in one place to finish large projects faster.

SELECTING THE RIGHT HOSE

Choosing the correct hose diameter to meet your length requirements is critical to maximize spraying pressure. The larger the hose diameter, the greater the pressure at the gun. As hose diameter is reduced or the hose length increases, there will be less pressure at the gun—possibly affecting spray patterns.

For maximum pressure when coupling hoses together; connect the larger diameter hose to the sprayer and smaller diameter hose to the gun inlet. Use a whip hose to allow flexibility when spraying.

3/16 in diameter (4.8 mm) Airless Hose Ideal for interior pressure rolling or low pressure applications

1/4 in diameter (6.4 mm) Airless Hose The most commonly sold hose diameter and is suitable for all applications

3/8 in diameter (9.5 mm) Airless Hose

Delivers the best performance at the gun with the least amount of pressure drop with heavier material and longer hose lengths

3300 psi (227 bar. 22.7 MPa) maximum working pressure rated at 180° F (82.2° C) temperature

As the lightest and most flexible hoses on the market, Graco's BlueMax II hoses are easy to connect and maintain the highest level of performance all the way to the gun. Available in a wide variety of lengths and diameters.

LIGHTWEIGHT AND FLEXIBLE

Over 10% lighter weight and increased hose flexibility improves usability while spraying under pressure

HIGHEST SAFETY STANDARDS

Conductive core meets the highest worldwide safety standards, unlike competitive ground wire hose designs

PART #	DIAMETER	LENGTH	ТҮРЕ
214981	3/16 in (4.8 mm)	15 ft (4.6 m)	FBE

MINIMAL HOSE COIL MEMORY

Superior flexibility and reduced coil memory provides ease of use during coiling and uncoiling

CORROSION-RESISTANT

Yellow zinc-plated spring guards are more corrosion-resistant

AIRLESS WHIP HOSE

3300 psi (227 bar, 22.7 MPa) maximum working pressure rated at 180° F (82.2° C) temperature Whip hoses provide more flexibility and increased operator control at the gun.

AIRLESS FITTINGS PAK

The Airless Fittings Pak provides an assortment of the most commonly sold adapters, fittings, swivel unions and gaskets in an organized carrying case, allowing for fast, easy ordering of key parts to reduce downtime and keep contractors spraying.

THERE ARE NOW TWO WAYS TO ORDER THE AIRLESS FITTINGS PAK:

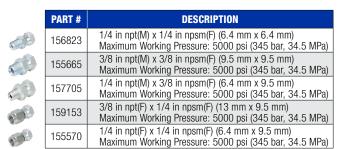

- **OPTION 1:** Place order for part number 19C537, which includes a preselected assortment of commonly used parts
- **OPTION 2:** Select parts separately using order form (See local distributor for additional information)

DESCRIPTION

Converts 11/16 in (17.5 mm) gun thread on competitive guns to accept the 7/8 in (22 mm) thread used on most Graco accessories

Eliminate the hassles of ladders and scaffolding to safely spray hard-to-reach areas like high walls vaulted ceilings, stairways, and soffits. Complete the job faster with less setup time with a pole gun or the right tip extension length.

RAC X Tip Extensions

......

EXTENDED REACH TOOLS

POLE GUNS

- Provides better spray control and less fatigue in high or recessed areas
- Balanced design with no excessive weight at the end of pole
- Includes CleanShot Shut-Off Valve and Contractor In-Line Valve
- Greatly reduces the time spent on ladders — complete the job faster!

ESCRIPTION	LENGTH	MAXIMUM WPR
le Gun with RAC X LP 517	3 ft (0.9 mm)	3600 psi (248 bar, 24.8 MPa)
le Gun with RAC X LP 517	6 ft (1.8 mm)	3600 psi (248 bar, 24.8 MPa)

POLE GUN SPRAY EXTENSIONS

- · Use with Contractor In-Line Valve and the CleanShot Shut-Off Valve to create different length pole guns
- Ability to attach directly to an airless spray gun — increased comfort while rolling
- Ideal for extended reach spray applications — greatly reducing your time on the ladder

DESCRIPTION	LENGTH	THREAD SIZE
e Gun Extensions	3 ft (0.9 mm)	7/8 in (22 mm)
e Gun Extensions	6 ft (1.8 mm)	7/8 in (22 mm)

Includes: HandTite Guard with 7/8 in (22 mm) thread and OneSeal

DESCRIPTION	LENGTH	MAXIMUM WPR

Telescoping Extension 218775

EXTENDED REACH TOOLS

HEAVY-DUTY EXTENSIONS

- Can be combined for extended reach up to 12 ft (3.6 m)
- Attach to any airless spray gun or in-line valve
- Tough, lightweight aluminum poles
- Ideal for high pressure spraying or low pressure roller applications

PART #	DESCRIPTION	LENGTH	MAXIMUM WPR
232121	Heavy-Duty Extensions	10 in (25 cm)	3600 psi (248 bar, 24.8 MPa)
232122	Heavy-Duty Extensions	20 in (50 cm)	3600 psi (248 bar, 24.8 MPa)
232123	Heavy-Duty Extensions	40 in (100 cm)	3600 psi (248 bar, 24.8 MPa)
232124	Heavy-Duty Extensions	60 in (150 cm)	3600 psi (248 bar, 24.8 MPa)
232125	Heavy-Duty Extensions	80 in (200 cm)	3600 psi (248 bar, 24.8 MPa)

TELESCOPING EXTENSIONS

- Use telescoping extensions for pressure rolling only — do not use for airless spraying
- All telescoping extensions include adapter 244825;
- for use with 7/8 in (22 mm) thread guns or fittings

PART #	DESCRIPTION	LENGTH	MAX WPR
218775	Telescoping Extension	18 to 36 in (45 to 90 cm)	1000 PSI, (69 bar, 6.8 Mpa)
218776	Telescoping Extension	36 to 72 in (90 to 180 cm)	1000 PSI, (69 bar, 6.8 Mpa)

PRESSURE ROLLERS IDEAL WHEN SPRAYING IS NOT POSSIBLE

Rolling has never been this easy. Stop climbing and stopping to dip the roller in a messy paint tray — simply pull the gun trigger when you need more paint, and keep rolling.

EVENFLOW PRESSURE ROLLER ASSEMBLY

· Airless spray gun roller attachment includes everything you need to start rolling with an airless spray gun

EVENFLOW IN-LINE VALVE ROLLER ASSEMBLY

- Includes everything you need to start rolling with the contractor in-line valve
- Rotates 180° for rolling in tight areas

EVENFLOW TELESCOPING ROLLER ASSEMBLY

 Connects directly to contractor in-line valve or any airless spray gun with a 45° angle (45° angle sold separately, part number 224399)

INCLUDES

3600 psi (248 bar, 24.8 MPa) 9 in (230 mm) roller frame, 1/2 in (13 mm) roller cover and 20 in (50 cm) fixed extension & 45° angle EvenFlow In-Line Valve Roller Assembly 3600 psi (248 bar, 24.8 MPa) Contractor In-Line Valve, 20 in (50 cm) fixed extension, 9 in (230 mm) roller frame and 1/2 in (13 mm) roller cover EvenFlow Telescoping Roller Assembly 3000 psi (227 bar, 22.7 MPa) 18 - 36 in (46 - 91 cm) telescoping extension, 9 in (230 mm) roller frame and 1/2 in (13 mm) roller cover

FILTERS AND STRAINERS

Filters keep dirt, debris, and contaminants out of the spray system to keep you spraying and providing a smooth, professional-quality finish. Graco's exclusive Easy Out filter design filters the paint from the inside out for the most effective filtering and easier cleanup with less mess.

TSL

- Mixes with the paint and prevents it from drying in your unit's pump
- Doesn't cause any spots in your finishing (unlike other products)

PART #	DESCRIPTION	SIZE
206994	TSL	8 oz (.24 liter)
206995	TSL	1 quart (1 liter)
206996	TSL	1 gallon (3.8 liters)

HYDRAULIC FLUID

- Fluid pulled into the motor to power the hydraulic pump
- Synthetic Hydraulic Oil keeps the motor running cooler and extends the life of the pump
- Used on GH sprayers

PART #	DESCRIPTION	SIZE	
207428	Conventional Hydraulic Fluid	1 gallon (3.8 liters)	
25N883	ISO 68 Synthetic Hydraulic Oil	1 gallon (3.8 liters)	

ONE-PART REPAIR SOLUTION
Eliminate costly downtime by having a spare pump ready to go
On-the-job pump replacement
Over 50 pump lowers available for any sprayer built in the last 10 years

FOR OVER 60 YEARS

PUMP LOWERS

If your pump fails after many hours of use, your job is at a standstill. With Graco's wide range of replacement pumps and easy pump swap designs, you'll eliminate costly downtime and keep spraying. **Replace the pump yourself in less than a minute and without any tools. Pumps available for all Graco sprayers, from small to large.**

QUIKPAK[™] CARTRIDGE REPAIR SYSTEM

REPACK PUMP IN MINUTES

1) Insert pre-oiled packing cartridge assembly

2) Remove disposable clip

B

NEW WAY

every time

Modular pre-oiled cartridge packings install correctly

3) Assemble pump

For sprayers older than 2014, reference PartsBook at gracopartsbook.com

THE FOUNDATION OF GRACO QUALITY

When we say manufactured, we mean real manufacturing — it's what we do every day in our manufacturing facilities in Rogers, MN and Sioux Falls, SD. Selected raw metals and materials arrive at our factory and we cut, machine, grind, hone, and otherwise transform the raw components into the individual parts of the sprayer.

No other spray equipment company retains total control over as many of the individual part manufacturing processes as Graco. While others outsource the manufacturing of a large number of components to third parties, and even outsource subassembly processes in some cases, Graco remains committed to doing nearly all of these activities ourselves and within our own facilities. This is how we can ensure the highest quality and consistency in both performance and life.

SCAN TO LEARN MORE ABOUT GENUINE GRACO PARTS

Genuine Graco Parts

EVERY PART COUNTS

Replacement parts are often purchased solely on the basis of price. However, the small amount of money saved will ultimately put your performance and your business at risk.

Why Demand Genuine Graco Parts?

TIME AND MONEY

Cheaper parts ultimately cost you more time and money in extra repair costs, extra labor hours, etc.

PERFORMANCE AND RELIABILITY

Only genuine Graco parts deliver the legendary Graco standard of performance and the lowest downtime.

SAFETY

One non-Graco part can lead to injury and downtime. Graco parts deliver best possible quality to deliver safest experience.

WARRANTY

Warranty conditions only remain valid with genuine Graco parts. Defects or damage caused by non-Graco parts are not covered.

See your local Graco Distributors for country specifics. See printed product warranty for complete warranty terms and conditions.

How to Recognize Genuine Graco Parts

ENGRAVED GRACO LOGO

The Graco logo is engraved on all of our piston rods, cylinders, and sleeves.

HOLOGRAPHIC STICKER

A holographic sticker is always on the packaging of a genuine Graco repair kit.

GRACO QUALITY YOU CAN FEEL

Genuine Graco parts are built tough and feel more robust than other manufacturers' parts.

gracopartsbook.com The fast and easy way to look up common Graco parts.

Every Graco purchase comes with A+ Customer Service.
