

ONE-PART REPAIR SOLUTION

- Eliminate costly downtime by having a spare pump ready to go
- On-the-job pump replacement
- Over 50 pump lowers available for any sprayer built in the last 10 years

MADE IN THE USA
WITH GLOBAL COMPONENTS

PUMP LOWERS

If your pump fails after many hours of use, your job is at a standstill. With Graco's wide range of replacement pumps and easy pump swap designs, you'll eliminate costly downtime and keep spraying.

Replace the pump yourself in less than a minute and without any tools.
Pumps available for all Graco sprayers, from small to large.

For sprayers older than 2014, reference PartsBook at gracopartsbook.com

QUIKPAK™ CARTRIDGE REPAIR SYSTEM

OLD WAY

VS

NEW WAY

Modular pre-oiled cartridge packings install correctly every time

REPACK PUMP IN MINUTES

1) Insert pre-oiled packing cartridge assembly

THE FOUNDATION OF GRACO QUALITY

When we say manufactured, we mean real manufacturing—it's what we do every day in our manufacturing facilities in Rogers, MN and Sioux Falls, SD. Selected raw metals and materials arrive at our factory and we cut, machine, grind, hone, and otherwise transform the raw components into the individual parts of the sprayer.

No other spray equipment company retains total control over as many of the individual part manufacturing processes as Graco. While others outsource the manufacturing of a large number of components to third parties, and even outsource subassembly processes in some cases, Graco remains committed to doing nearly all of these activities ourselves and within our own facilities. This is how we can ensure the highest quality and consistency in both performance and life.
