

EK150AES

Gear driven dual action sander

- Excellent suction capacity of the dust produced
- Electronic module with speed regulation and overload control
- Prepared for connection to suction systems

TECHNICAL DATA	EK150AES
Ø Orbit [mm]	5
Ø Backing pad [mm - in]	150
Holes	8 + 6 + 1
Power [W]	550
R.P.M.	200 - 500
Stroke per minute	2800 - 7000
Weight [kg]	2,7
Electronic speed control	•
Central vacuum	•
Side handle	•
Backing pad supplied	981.100

EK200AS

Gear driven dual action sander

- Excellent suction capacity of the dust produced
- Prepared for connection to suction systems
- Vacuum regulator that eliminates the "suction" effect of the backing pad on the surface

TECHNICAL DATA	EK200AS
Ø Orbit [mm]	5
Ø Backing pad [mm - in]	200
Holes	8
Power [W]	550
R.P.M.	500
Stroke per minute	7000
Weight [kg]	3,1
Electronic speed control	-
Central vacuum	•
Side handle	•
Backing pad supplied	912.279
