

## Night Glaze

Polish

### Description

Night Glaze is a premium vehicle polish and paint protector. Night Glaze is a unique blend of the finest polymers with the introduction of polytetrafluorethylene for the ultimate protection. The soft slowing feel of application makes polishing a pleasure and fast process.

Night Glaze contains no cutting agent, and so is safe on all paint finishes, providing the ultimate deep luster look.

### Application

Prepare your surface before use by washing and drying. Once clean and dry shake bottle and apply a dollop of Night Glaze to a microfiber cloth. Apply to paint and with another clean microfiber towel gently buff off.
