Features & Benefits

1 ProXChange™ Pump System

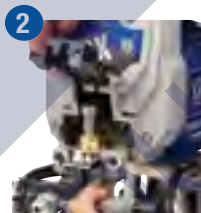

The Do-It-Yourself Pump Repair System

In four simple steps, you can remove and replace the pump cartridge.

- ▶ Modular design for fast removal
- ▶ No tools needed
- ▶ Simply lift door to remove pump!

Slide open the access door

Remove pump section

Use frame to remove cartridge

Install new cartridge and replace pump

2 Push-Prime Button

Push-Prime button loosens stuck inlet check valve in case of priming issues.

3 ProX™ Piston Pump

Patented power-piston pump for greater reliability and long life.

4 Professional-Grade Suction Tube

Spray water or solvent-based finishes directly from 1 or 5 gallon containers.

5 Adjustable Pressure Control

Allows spraying or rolling a wide range of coatings.

6 Chrome-Plated Stand

Resists corrosion and is easy to clean.
