25A212 High Pressure Fittings Kit

Be Safe With Genuine Graco Parts

When operating 7250 psi maximum pressure rating equipment, it is important the parts also meet the same standard. Keep this kit nearby and always have the proper rated fittings for your equipment.

Kit includes 1/4, 3/8, and 1/2 inch sizes in male and female, rigid and swivel connection points, elbow and tee combinations, and high pressure ball valves. Compartments are clearly labeled with part numbers making reordering a breeze.

Designed, Tested and Built for Reliability

Every part that goes into a product or system is tested and re-tested for performance, long life and durability.

- Used on the following popular Graco sprayers: Xtreme®, XP™, and XM™
- Kit offers a 40% savings versus buying parts individually
