

10 GRACO®
YEARS

NEW FOR 2026

MARK HP XT

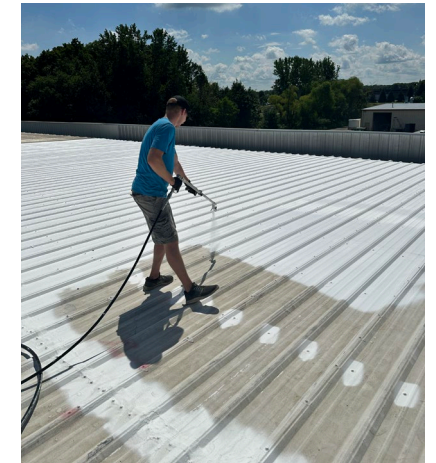

OVERVIEW:

For decades, Contractors have turned to Mark sprayers for applying Texture, Paint and Heavy Coatings

Contractors continue to ask for more productive electric solutions, a high-performance electric solution capable of spraying heavy materials and higher pressures for fireproofing, roofing, vapour barriers and protective coatings. They require:

Gas Performance In A Common-Voltage Electric Solution

SHATTERING THE PERFORMANCE LIMITS OF STANDARD ELECTRIC POWER!

MARK XT

100 GRACO
YEARS

THE MUSCLE TO MATCH THE POWER!

BIGGER. STRONGER. SMARTER.

- **HEAVY-DUTY DRIVE SYSTEM** utilises a new larger gear housing and 7:1 gear ratio to handle increased torque output
- **PURPOSE-BUILT XT MOTOR** is engineered specifically with larger diameter windings to run faster
- **XL PROCONNECT SYSTEM** delivers next-level strength for easiest pump swaps
- **ROBUST FRAME** features a durable powder coat finish protects your investment from job-site abuse
- **AMPLIFI™ TECHNOLOGY** integrates an intelligent power management system that unlocks maximum performance from standard wall power

AMPLIFI™
Intelligent Power Management

DESIGNED AND BUILT BY GRACO FOR UNMATCHED PERFORMANCE AND QUALITY!

15X More Torque than Traditional Motors

- The power to pump even the heaviest materials

8X Finer Resolution

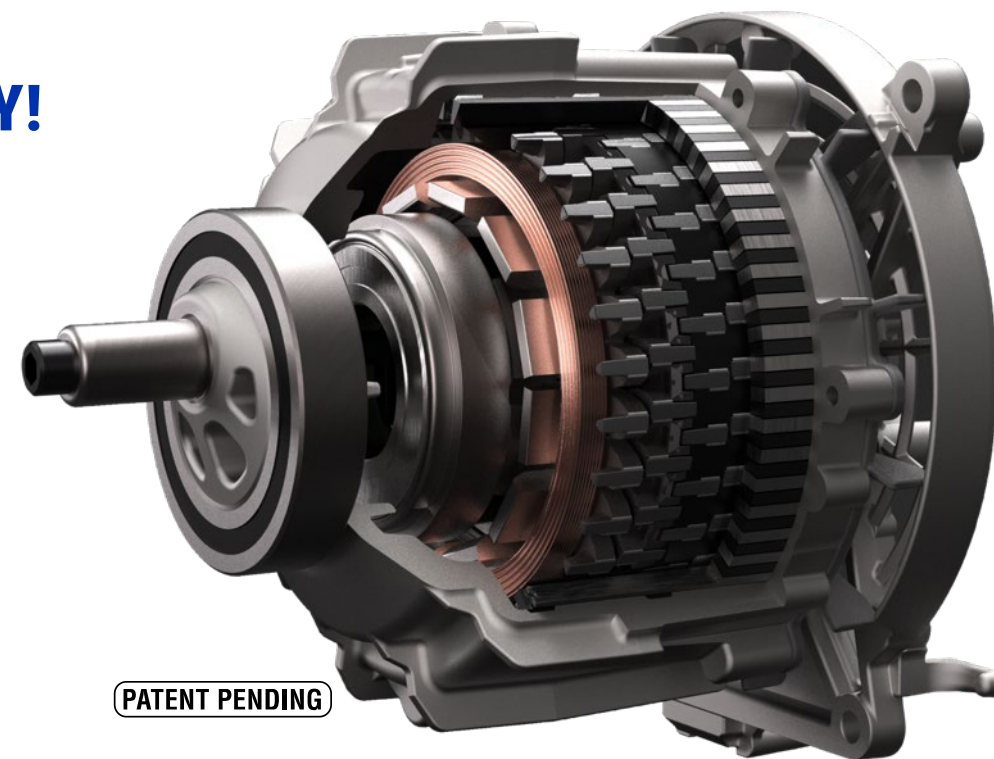

- For superior control

90% Lower Running Speeds

- Reduces friction and heat for trouble-free operation – everyday!

Silent Operation

- Ideal for comfort and extending spray times in noise restricted areas

**XT DELIVERED THE POWER.
NOW WE'RE UNLOCKING MORE!**

INTRODUCING **AMPLIFI**™

10 GRACO
YEARS

**SAME OUTLET.
MORE POWER.**

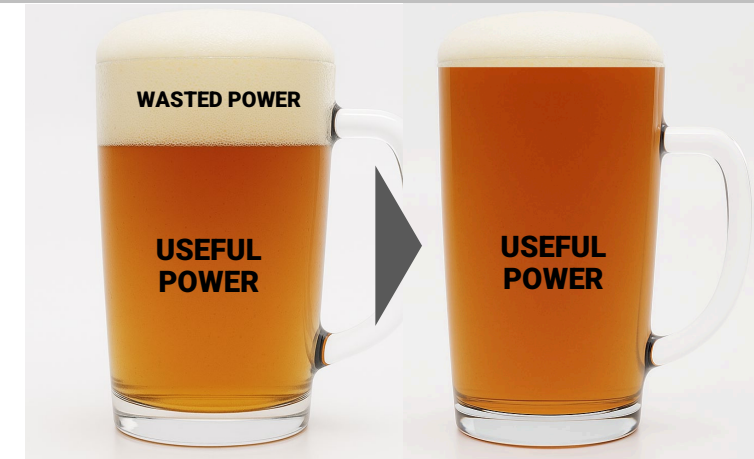

THAT'S AMPLIFI™ TECHNOLOGY!

PATENT PENDING

- **Maximise every amp** by optimising electrical current to deliver maximum power with minimal loss
- **Clean power conversion** allows the motor to run steadier on rough jobsite power and generators
- **Unlocks jobsite adaptability** by giving the motor the intelligence to recognise any power source or breaker constraint

THE **AMPLIFI** EFFECT:

Before

With AMPLIFI™

**SAME GLASS,
MORE USABLE POWER!**

INTELLIGENT POWER HANDLING FOR ANY JOBSITE

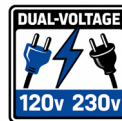

MARK HP XT | Standard Series

Ideal for: Silicone, Epoxy, Vapour Barrier, Intumescent

.041 max tip
5.7 l/min | 1.5 gpm
6750 psi | 465 bar
230V – 10/16A

Intelligent Power Management

SELECTABLE AMPERAGE CONTROL

- **Eliminates nuisance tripping** by instantly adjusting the sprayer's draw to match available jobsite power
- **User-selectable** between 15A/20A (120V) or 10A/16A (230V) to run on any breaker

PLUG IN AND SPRAY. ANYWHERE.

MARK HP **XT**

HIGH PRESSURE WITHOUT THE FUEL

10 GRACO YEARS

DELIVERS UP TO 6750 PSI!

- **Save \$1,000's per year** in fuel and maintenance costs
Eliminates 1,500 litres of fuel annually – savings based on local usage and fuel prices
- **Weighs 25% less** than the nearest gas sprayer
Only 73 kg (160 lbs.) vs 94 kg (207 lbs.)*
- **Sprays 100% solids** and other hard to atomise coatings
High-pressure performance without the noise or fumes of a gas engine

* = vs DutyMax GH 675 DI

HIGH PRESSURE. LOW COST. LIGHTER.

UNMATCHED HIGH-PRESSURE PERFORMANCE IN A SMALL PACKAGE

-  6750 psi
-  5.7 l/min
-  230V 10/16A

XT ELECTRIC MOTOR

- High-torque, low RPM for maximum spray performance
- 240V – 10/16 amp input power
- Designed, engineered & manufactured by Graco

UP TO 10X QUIETER OPERATION

- Experience a new level of performance with the first motor ever designed specifically for airless spray

UNMATCHED PERFORMANCE

- 6750 psi– The highest performing compact electric airless sprayer - perfect for hard-to-atomise coatings

TURBOCLEAN™ CLEANING SYSTEM

- High-velocity flush cleans 3X faster using less fluid

WATCHDOG™ PROTECTION

- If paint runs out, the pump automatically shuts down to prevent damage

ENDURANCE® PUMP WITH PROCONNECT™

- Oversized pump handles the thickest materials with ease
- ProConnect pump system swaps out in minutes – no downtime

RAPID RESPONSE PRESSURE CONTROL WITH LED DISPLAY

- Delivers the steadiest running pressure possible for a perfect finish and a display that can be seen from across the room

UPGRADE MODULAR ACCESSORIES ANYTIME

- Add a toolbox, hoses and advanced features as your needs grow

THE POWER TO SPRAY IT ALL!

- Perfect for hard-to-spray coatings: silicone, epoxies, vapour barriers, intumescent & more

TWO MODELS:

- 18H420 Mark HP 15m (50') Package
- 18H421 Mark HP 45m (150') Package

COMPLETE UNITS INCLUDE:

- XTR-7 HF Gun
- 1/2" x 15m Xtreme Hose (or 45m Hose Package)
- Xtreme Whip Hose
- XHD Switch Tip and guard

KEY ACCESSORY: 95 LITRE ROOFING HOPPER

BOOST PRODUCTIVITY. MAXIMISE UPTIME.

Massive 94.6 litre (25-gallon) hopper

- capacity drastically reduces downtime

No-tools flexible coupling tube

- connects exclusively to the Mark HP for easy manoeuvring

Durable plastic hopper

- includes a heavy-duty lid and welded metal frame

Large pneumatic wheels

- ensure easy mobility across rough jobsite terrain

Add a bag roller PN 289587

PN 25D078

SPRAY LONGER. FINISH FASTER.

ADDITIONAL ACCESSORIES:

CUSTOMISE YOUR RIG WITH PRO ACCESSORIES!

BlueLink™ Display

- Know your jobs progress, locate your sprayers and maximise uptime PN 20B432

High-Pressure 7250 psi Filter Manifold

- Minimise tip plugs from contaminated material – PN 16V583

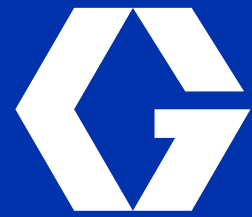

Tool Box

- Keeps your tips, guards and filters on-hand PN 287253

Crushproof Inlet Strainer

- Stands up to harsh impacts to maintain flow through filter PN 15V573

BUILD IT HOW YOU NEED IT!
