PRODUCT OVERVIEW

Heavy Duty, Narrow Footprint cradle based diesel/water/air reel (bare) capable of hoseing 15m of quality 1" oil/diesel/water/air hose.

Built with Australian conditions in mind this heavy duty powder coated steel hose reels boast sealed bearings, stainless steel shaft, solid three sector ratchet, Viton O'rings, quality hose and corrosion resistant fixings.

A narrow face dimension has been maintained to allow multiple reels to be fitted in tight locations such as a mine site service vehicle. Industry common footprints allow for minimum changes to cabinet design.

Common BSP threads are used at inlet, outlet and hose fittings. Spare parts are available to expedite repair and an external spring canister allows for ease of maintenance
