The Mirka Gold abrasives meets the high expectations of the building industry for various applications, from paint removal to plaster sanding.

Mirka Gold is designed to prevent clogging and pill forming of the abrasive which results in longer lifetime.

One quality for various applications – less abrasive versions to handle.

Gold

Mirka Gold is part of the Mirka Gold family, which with the latest addition Gold Proflex is one of the most known and trusted product ranges within Mirka. Throughout the years Mirka Gold has been continuously updated towards perfection in order to keep it as one of the top performers.

Very good performance to excellent value for money!
