

Product information

Water based silicone free polishing compound designed for polishing out scratches on glass surfaces. Suitable for most glass types and removes marks permanently. E3 should be used together with the Mirka felt pad and Mirka rotary polisher.

Product advantages

- Suitable for both standard window glass and hardened glass
- Silicon free
- One step polishing process

Surfaces

- Standard glass
- Hardened glass

Polishing machine

- Rotating 800 – 2300 rpm

Polishing pad

- Polishing felt pad

Product properties

Speed: 

Polish, gloss: 

Work instruction

1. Clean both before sanding and between every step
2. Widen the sanding area for each grit to avoid optical distortion
3. Sand each step long enough, at least 2 minutes per step and Abralon 1000 preferably 4 min
4. Clean thoroughly before polishing
5. Polish until a scratch free surface is achieved
6. Clean the area using a window cleaning liquid

Technical specifications

Density: 1,0 kg/l
 Viscosity: 4-8 Pas
 Colour: Goldenrod
 pH: 7–9

Storage recommendations

Recommended storage temperature:
 5° - 35° C / 41° - 95° F
 Keep from freezing
