**Searching for tips through mucky paint equipment is frustrating!**

The iQuip TipSaver® assists in a quick and effortless retrieval of any tip, guard or filter you need. Simply use the handle to lift the TipSaver® from its container and your tips, guards, and filters are at your fingertips ready to spray.

By using the iQuip TipSaver®, you can reuse your spray equipment and increase productivity! It's easy to use, all you have to do is submerge it in a liquid cleaning solution and iQuip TipSaver® does the rest. No more back blowing tips and scraping paint off guards.

Lightweight and portable, you can easily transport TipSaver® to any location you need it. Goodbye to the days of dirty or lost equipment with the help of the iQuip TipSaver®.
